🔥 Let's cook

1. Oven to 400°F. Line a big sheet pan with foil.
2. Brown the beef, drain, and stir in taco seasoning with ⅓ cup water. Simmer until saucy. ⏱️ 10 min
3. Spread half the chips on the pan in one layer. Top with half the cheese, beans and beef. 🧒 Kids can do this
4. Add the rest of the chips, beef, beans and cheese on top so every chip gets some. 🧒 Kids can do this
5. Bake until the cheese is fully melted. ⏱️ 6–8 min
6. Meanwhile mash the avocado with lime and salt. 🧒 Kids can do this
7. Top with salsa, sour cream and avocado. Eat straight off the pan.

CHEF'S SECRET

Build two layers, not a mountain. Every chip gets cheese, and the bottom chips don't turn into a soggy pile.
