CHEF'S SECRET

Fry the curry paste in the oil for a full 1–2 minutes before anything wet goes in. That 'bloom' is what makes it taste like takeout.

DINNER · FLIP SIDE

One-Pot Chicken & Chickpea Curry

👩‍🍳 Kitchen crew: kid jobs

- ☐ Rinse and drain the chickpeas
- ☐ Stir in the spinach and watch it shrink
- ☐ Measure the spices into a little bowl
- ☐ Warm and cut the naan

Knives, the stove and the oven: a grown-up stays right there. Steps marked 🧒 **Kids can do this** on the front are theirs to own.

⏰ MAKE IT AHEAD

Curry tastes better the next day; make it up to 2 days ahead.

🥡 LEFTOVERS

Freezes well for 3 months. Leftover tomatoes: freeze or use in chili.

🔁 SWAP IT

- Chicken thighs (juicier)
- Sweet potato cubes instead of chickpeas
- A spoon of hot sauce for the spice lovers
- No paste? 2 Tbsp mild curry powder, bloomed the same way
