GEAR

Big nonstick skillet · Pot · Jar with a lid

🔥 Let's cook

1. Melt 2 Tbsp butter in a big nonstick skillet over medium. Add the onions and a pinch of salt; cook, stirring now and then, until soft and golden. ⏱️ 12 min
2. Meanwhile, boil the pierogies 4 minutes (or follow the box), then drain well. ⏱️ 4 min
3. Push the onions to the side, add 2 Tbsp butter and the pierogies in one layer. Fry until golden on both sides. ⏱️ 6 min
4. Shake the dressing in a jar: oil, vinegar, Dijon or honey, salt, pepper. 🧒 Kids can do this
5. Toss the spring mix, tomatoes and cucumber with dressing right before eating. 🧒 Kids can do this
6. Pile the onions on the pierogies; serve with sour cream.

CHEF'S SECRET

Take your time on the onions. Low and slow until they're golden and sweet turns a box of frozen pierogies into a real dinner.

DINNER · FLIP SIDE

Pierogi Party + Salad

👩‍🍳 Kitchen crew: kid jobs

- [ ] Shake the dressing in a jar (lid on tight!)
- [ ] Halve the cherry tomatoes with a kid knife
- [ ] Toss the salad
- [ ] Spoon out sour cream for everyone

Knives, the stove and the oven: a grown-up stays right there. Steps marked 🧒 **Kids can do this** on the front are theirs to own.

⏰ MAKE IT AHEAD

Caramelize a big batch of onions ahead; they keep 4 days and are great on burgers too.

🥡 LEFTOVERS

Re-fry in a skillet; the microwave makes them gummy.

🔁 SWAP IT

- Add sliced kielbasa or bacon to the onions
- Air fryer: 400°F 10–12 minutes after boiling

🍽️ SERVE IT WITH

The salad (above), applesauce for the girls
