GEAR

Pot · Big skillet with a lid · Spatula

🔥 Let's cook

1. Warm the soup in a pot over medium-low, stirring now and then. ⏱️ 10 min
2. Butter one side of every bread slice. 🧒 Kids can do this
3. Build: buttered side out, a slice of cheese, turkey, another slice of cheese. 🧒 Kids can do this
4. Cook in a skillet over medium-low with a lid on, until golden and the cheese melts. ⏱️ 3–4 min/side
5. Cut into triangles or strips for dunking. 🧒 Kids can do this
6. Ladle the soup and serve right away.

CHEF'S SECRET

Medium-low heat and a lid. High heat burns the bread before the cheese melts; low and covered gets it golden and gooey.
