Cheesy Quesadillas

Melty cheese quesadillas, crispy in a buttered pan, with dips.

START TO TABLE

4
SERVES

🧺 The must-haves

Put these on the counter **before you start**. Out of one? Use the swap next to it. That's it, keep going.

☐ **Tortillas**	**Out?** any tortillas
☐ **Shredded cheese**	**Out?** any cheese we have, torn or grated
☐ **Butter**	**Out?** a little oil

✨ **If we have them:** sour cream, salsa, avocado for quick guac, black beans or chicken inside. Skip any of these.

🔥 How it goes

1. Pull the must-haves onto the counter. Oven to 250°F with a sheet pan inside.
2. Cheese on half of each tortilla, edge to edge. Fold over.
3. Melt a little butter in a big pan over medium. Cook 2–3 at a time, pressing down. ⏱️ 3 min a side
4. Finished ones go in the warm oven while you cook the rest. ⏱️ 10 min
5. Mash avocado with salt for guac. Cut into wedges and serve with dips.

🔑 THE ONE THING THAT MATTERS
Medium heat, not high. The cheese needs time to melt before the tortilla burns.

✅ IT'S DONE WHEN
Golden on both sides and the cheese is melted all the way.

🛟 **Plan B:** Out of tortillas? Nachos: chips and cheese in the oven at 400°F.
